

Colorado CDVI

*Turn your drafty fireplace into
a reliable, heating source
while maintaining the warm and inviting
glow of a traditional wood fire.*

Colorado CDVI

- Variable Flame Control up to 27,000 BTU's
- 76% Efficient
- Warnock Hersey approved to ANSI Z21.11.88-1998 Gas-Fired Room Heaters For U.S. Installations Limited Lifetime Warranty

Features that Make the difference:

- Beautiful robust yellow flame emanating from rustic charred logs and glowing embers.
- A super quiet, infinitely variable speed fan lets you enjoy the fire's beauty without distraction.
- A standing pilot ignition enables the Colorado to act as a back up heat source even during a power outage.
- A swing out bottom louver keeps flame and heat adjustment controls totally hidden, yet easily accessible.
- A simple heat adjustment control allows you to adjust the flame from a simmering log to a roaring fire.
- Engineered to fit into most factory-built and masonry fireplaces.

Surrounds

- Surrounds are available in two sizes in black
